Page 2 – 4. Preliminary price, 5% collar and adjustment mechanic

REPLACE WITH:
• The Purchase Price payable at completion (the “Preliminary Purchase Price”) will be calculated on the basis of the Preliminary FY26A Adjusted EBITDA, with signing of the share purchase agreement and completion following delivery of the FY26 preliminary financial statements. [[10]% of the Preliminary Purchase Price (the “Holdback Amount”) will be retained by CEIS at completion pending the adjustment below]
• Within [10] Business Days of the audited FY26 financial statements being approved, CEIS will deliver to Efinity a statement (the “Adjustment Statement”) setting out the Final FY26A Adjusted EBITDA, the Purchase Price recalculated on that basis (the “Final Purchase Price”) and the adjustment payment (if any)

If the Final FY26A Adjusted EBITDA is within that range, no adjustment will be made and the Preliminary Purchase Price will be the Purchase Price [and the Holdback Amount will be released to Efinity]
• Efinity will have [15] Business Days from receipt of the Adjustment Statement to notify CEIS of any disputed items, with reasons and its own calculation, failing which the Adjustment Statement will be final and binding. The expert’s costs will be borne by the party whose calculation is furthest from the determination, or equally if it falls between them
• Any adjustment payment will be made within [10] Business Days of the Adjustment Statement becoming final and will be treated as an adjustment to the Purchase Price
